

Enrollment Checklist

BE PREPARED

Please bring the following items to your application appointment:

- Social security numbers or immigration numbers for all members of your household
- Employment and income information for all members of your household
- Information about any other insurance that's available to you (even if you're not enrolled in it) through an employer, etc.

It's also a good idea to think ahead for your appointment by answering these questions:

- How many times did I/my family visit the doctor in the last year?
- Do I/my family have any health conditions that might require a specialist?
- How much can I afford to spend on my monthly premiums ("membership fees") and out-of-pocket costs ("purchases" like doctor visits and prescriptions)?
- What prescription drugs will I need?
- Do I want to keep seeing my current doctor(s)?

Have any other ACA questions? Write them down here.
